Before the discussion on the Omnibus Report, Trustee Heiferman asked that Item D be voted on separately.

A motion was made by Trustee Colton and seconded by Trustee Willis to approve Items A-B-C-E on the Omnibus Report. Trustee Heiferman said he was excited to see the solar panels for INX.

Roll Call: AYES—Trustees Purcell, Willis, Colton, Heiferman, and Harris-Jones. NAYS -None. Motion carried.

Director Mesaros was asked to speak on the particulars of Item D, a request for a special use permit for a crematory at 17803 Bretz Drive, a vacant unit in a business condominium grouping. Since 2008, the village has allowed for a crematory as a special use in the M-1 district. The Planning & Zoning Commission did hear a request for a special use permit at its Aug. 10 meeting. The final vote was 4-2, which was a majority to allow the business Manna Crematory to open. However, she noted there were concerns among the commission members and the residents who addressed the commission. The business condominium owners also told the commission that the petitioner, Mr. Jeffrey Sachs, did not have his lease approved.

Mr. Sachs addressed the board outlining his 31 years of working with funeral homes. He said the crematory he proposes to build will not be open to the public, but rather will serve funeral homes. He said he's had experience with cremation from his jobs with funeral homes, most recently at Burns Funeral Home in Crown Point, Indiana. He had planned to build his crematory in South Holland, but that option didn't come to fruition.

Several representatives of Cremation Society of Illinois, in business in Homewood since 2012, spoke against giving Mr. Sachs a rezoning arguing he doesn't have any direct experience at operating a

crematory. Safety is a primary concern, and the representatives believe Mr. Sachs lacks certification and experience needed to open this business.

Mr. Sachs said he was waiting to be certified until the crematory location is finalized. He said the company that would build the crematory recommended this.

Rae Rosado, owner of Rabid Brewing, said her business would be two doors down from the proposed location. When she was looking for a location, she moved as far away as possible from the existing Cremation Society of Illinois which is at the opposite side of the industrial park from her business, and despite that there are times an unpleasant aroma from that facility is present. Putting a second crematory two doors down from a brewery would likely have a direct impact on her business and her customers.

Trustee Colton asked that the special use permit be tabled until more is learned about the business, and the trustees have a chance to review the Planning & Zoning Commission's minutes. Trustee Heiferman agreed. He watched the video of the commission's meeting and felt there still were questions to be answered.

President Hofeld reminded the board that anyone operating a crematory must comply with all state and federal protocols and certifications. He questioned the compatibility of putting a second crematory in that business strip that features a brewery, a plumbing business, batting cages and a bat company. On advice of Village Attorney Cummings, the president suggested the item be deferred for consideration at a future date.

A motion was made by Trustee Heiferman and seconded by Trustee Purcell to defer consideration of Item D until a future date.

Roll Call: AYES—Trustees Purcell, Willis, Colton, Heiferman, and Harris-Jones. NAYS -None. Motion carried.

GENERAL BOARD DISCUSSION: Trustee Willis reminded residents to keep hydrated and out of the sun, (especially as the temperature is expected to reach 100-degrees).

A motion was made by Trustee Purcell and seconded by Trustee Colton to adjourn the regular meeting of the Board of Trustees.

Roll Call: AYES—Trustees Purcell, Willis, Colton, Heiferman, and Harris-Jones. NAYS -None. Motion carried.

The meeting adjourned at 7:23 p.m.

Respectfully submitted,

Marilyn Thomas

Village Clerk

Subject: Fw: Permits- Hardney

1. Why are we being denied the use of our permit which has an expiration of 12 months?
2. Where is the Ordinance that states all repairs need to be listed regardless if they are being completed in the required timeframe of one (1) year?
